

SAFETY FIRST – KEY SYMBOLS

Anyone operating, maintaining, installing or repairing equipment should follow all safety precautions. Before servicing any equipment or installing any parts, make certain the equipment is disconnected from the electrical power source. Never allow operation of the equipment when any safety device is malfunctioning or is disabled. Never under any circumstances bypass any safety devices.

If you are unsure about the installation of these or any replacement parts, consult a qualified technician, electrician or plumber. For technical support call 800-638-4525.

The lightning flash and arrowhead within the triangle is a warning sign alerting you of the presence of dangerous voltage.

The exclamation point within the triangle is a warning sign alerting you of important instructions concerning the machine and possible dangerous conditions.

This warning symbol indicates the presence of hot surfaces that could cause serious burns. Stainless steel and steam lines can become extremely hot and should not be touched.

This warning symbol alerts you to the presence of possible dangerous drive mechanisms within the machine. Guards should always be in place when the machine is in operation. Use caution when servicing any drive mechanism.

This warning symbol indicates the presence of possible dangerous pinch-points. Moving mechanical parts can crush and/or sever body parts.

This warning symbol indicates the presence of possibly dangerous chemicals. Proper precautions should be taken when handling corrosive or caustic material.

Terms & Conditions:

Payment Terms

All parts shipments will be shipped on a credit card basis unless a credit application has been approved prior to shipment. As credit is extended for the convenience of our customers, all shipments are billed for and payment is expected "net on receipt" of parts shipment unless alternative terms have been approved. We accept Visa, MasterCard, Discover and American Express.

Minimum Order Policy

We have a minimum order policy of \$10.00 per shipment. Please try to determine all your parts needs before calling your order to comply with our policy.

Return Policy:

1. Return items will only be accepted with a material return authorization number (MRA).
Credit will not be issued without an MRA number.
2. Customer is responsible for freight incurred on refused shipments.
3. Call our office for authorization and provide the following information:
 - a) Invoice number
 - b) Part number and quantity to be returned
 - c) Reason for return
4. Request for returns must be made within 30 days from date of shipping.
5. There will be a 20% restocking charge on all returned items or refused shipments other than warranty parts or shipping errors. Customer will pay all shipping charges for returned parts.

IMPORTANT NOTICE:

We have a no return policy on electrical parts. It is important that customers verify the correct information before ordering parts as to proper model, voltage, part number, etc.

HELPFUL TIPS:

Constant green LED next to
“Lid Switch” means the lid
magnetic switch is closed.

Pulsing red LED means there is
power to the board.
